RE: An appraisal of three parcels owned by the State of Montana, State Lands, further described as:

- Sale 1044 - 80 acres W2SE4, Township 25 N, Range 6 W, Section 2
- Sale 1045 - 80 acres W2NE4, Township 25 N, Range 6 W, Section 11
- Sale 1046 - 40 acres, SW4NE4, Township 25 N, Range 6 W, Section 3  
Teton County, Montana

This appraisal report establishes an “as is” value in fee ownership.

In accordance with the letter of engagement, I have made the necessary site visit and analysis to appraise the above referenced property. The attached report provides the essential data and detailed reasoning employed in estimating my final value estimate.

In the body of the report is a detailed description of the subject parcels.

This report replaces a prior report with a report date of 12/24/2018.

This appraisal assumes an “as is” value. I assume no responsibility for matters that are legal in nature nor do I render any opinion as to title.

The value reported is qualified by certain definitions, assumptions and limiting conditions, hypothetical conditions and certification, which are set forth within the attached report. This appraisal report is intended to conform to the Uniform Standards of Professional Appraisal Practice, and State of Montana, DNRC reporting requirements.

Based on my analysis, the market value of the subject property, as set forth, documented and qualified in the attached report under conditions prevailing on December 21, 2018 was:

Parcel – 1044	\$52,000*
Parcel – 1045	\$52,000*
Parcel – 1046	\$26,000*

\* These values are subject to the Hypothetical Conditions on page 8

I direct your attention to the data, discussions and conclusions which follow.

Respectfully submitted,

## *ASSUMPTIONS AND LIMITING CONDITIONS*

---

This is to certify that the appraiser, in submitting this statement and opinion of value of subject property, acted in accordance with and was bound by the following principles, limiting conditions and assumptions. Unauthorized use of this report is set forth below.

- No responsibility is assumed for matters that are legal in nature nor is any opinion rendered on title of property appraised.
- Unless otherwise noted, the property has been appraised as though free and clear of all encumbrances.
- All maps, areas, plans, specifications, and other data furnished your appraiser were assumed to be correct. No survey of the property was made by this firm. Furthermore, all numerical references to linear measurements, area, volume or angular measurements should be assumed to be "more or less" (+/-) and are accurate to a degree consistent with their use for valuation purposes.
- This appraisal considers only surface rights to the property with consideration of current zoning and land use controls. The estimate of **highest and best** use will form the basis for the value estimate. This appraisal does not consider mineral, gas, oil or other natural resource rights that may be inherent in the ownership of the property.
- In this appraisal assignment, any potentially hazardous material found on the land or used in the construction of the buildings, such as urea formaldehyde foam insulation, petroleum residue, asbestos and/or existence of toxic waste or gases, which may or may not be present on the property, has not been considered. The appraiser is not qualified to detect such substances. Any interested party is urged to retain an expert in this field if there is any question regarding such potentially hazardous material. If such material or substance is present it could adversely affect the value reported herein.
- I am not a seismologist and this appraisal should not be relied upon as to whether a seismic problem exists, or does not actually exist on the property. The property which is the subject of this appraisal is within a geographic area where earthquakes and other seismic disturbances have previously occurred and where they may occur again. Except as specifically indicated in the report, no seismic or geologic studies have been provided to the appraiser concerning the geologic and/or seismic condition of the property. The appraiser assumes no responsibility for the possible effect on subject property on seismic activity and/or earthquakes. I have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed seismic requirements by the City or County. It is possible that a survey of the property could reveal that the property does not meet the required seismic requirements. If so, this fact could have a negative effect upon the value of the property. Since I have no direct evidence relating to this issue, I did not consider possible noncompliance requirements in estimating the value of the property.
- All data contained in this report and in the appraiser's files, as obtained from other sources, upon which to any degree the opinions and conclusions were based, are considered reliable and believed to be true and correct. However, the appraiser does not assume responsibility for the accuracy of such items that were obtained from other parties.
- There shall be no obligation to give testimony or attendance in court by reason of this appraisal with reference to the property in question unless arrangements have been previously made and at an additional fee.

- Neither all nor any part of the contents of this report, especially the conclusions to value, the identity of the appraiser or the firm with which he is connected shall be disseminated to the public through advertising media, news media, public relations media, sales media, or any other public means of communication without the prior written consent of the appraiser.
- Gregory A. Thornquist does not authorize the out-of-context quoting from, or partial reprinting of this appraisal report.
- The liability of Gregory A. Thornquist is limited to the client and to the fee collected. Further, there is no accountability, obligations or liability to any third party. If this report is placed in the hands of anyone other than client, the client shall make such party aware of all limiting conditions and assumptions of the assignment and related discussions. The appraiser assumes no responsibility for any costs incurred to discover or correct any deficiencies of any type present in the property; physically, financially, or of a legal nature.
- The fee for this appraisal report is for the service rendered and not for time spent on the physical report or for the physical report itself.
- This appraisal report is prepared for the sole and exclusive use of the client, State of Montana, Montana Board of Land Commissioners and the Department of Natural Resources and Conservation (DNRC). No third parties are authorized to rely upon this report without the expressed written consent of the appraiser.
- This Appraisal Report is intended to comply with the reporting requirements set forth under Standard Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice. As such, it presents only summary discussions of the data, reasoning, and analysis that were used in the appraisal process to develop the appraiser's opinion of value. Supporting documentation concerning the data, reasoning and analysis is contained in the appraiser's files.

### ***HYPOTHETICAL CONDITIONS***

---

- The subject parcels are owned by the State of Montana and this appraisal assumes the property is in held in private ownership. This is noted in the *"Scope of Work for Appraisals of Potential Property Sales through the Land Banking Program"* which is included in the addenda
- The *"Scope of Work for Appraisals of Potential Property Sales through the Land Banking Program"* also notes that *"Landlocked parcel, (parcels with no legal access), will be appraised with the hypothetical condition of having legal access and should be appraised as the property currently exists, which is without legal access, ("as is")*. This is further discussed in the highest and best use section of this report.

## *SCOPE OF THE APPRAISAL*

---

I retained by the Montana DNRC Trust Land Management Division, State of Montana to appraise the subject parcels. I was provided the following information:

- Scope of work
- Parcel description
- Contact information for inspecting the subject property.

On December 21, 2018, I met with Erik Eneboe, Conrad Unit Manager, DNRC Central Land Office, and Mr. Eneboe drove me to the subject parcels.

The subject parcels are currently leased to the Miller Colony and the lessee contacted the DNRC inquiring about purchasing the subject property. The lessee has agricultural outbuildings that encroach onto parcel 1045. This appraisal does not include any structures.

The neighborhood and surrounding competitive market areas were researched to find comparable market data. Real Estate agents, property owners, and real estate appraisers in the area were interviewed in an attempt to find relevant market data. This market data has been confirmed by personal contact with the buyer, seller, broker, appraiser, and/or property owner.

All of the comparable sales described in the body of the report are shown in detail on the summary sheets in a separate document. I did not physically inspect each of the comparable sales and the photos on the sales data sheet are from Google Earth.

### ***Effective Date:***

The effective date of this appraisal report is December 21, 2018. This is the date of valuation and was the actual date of the property inspection. This appraisal report was completed January 2, 2019.

## *DEFINITION OF MARKET VALUE*

---

Market value, as used in this report, was provided by the client and is defined as follows:

**Current Fair Market Value ~ (MCA 70-30-313)** Current fair market value is the price that would be agreed to by a willing and informed seller and buyer, taking into consideration, but not limited to, the following factors:

- (1) the highest and best reasonably available use and its value for such use, provided current use may not be presumed to be the highest and best use;
- (2) the machinery, equipment, and fixtures forming part of the real estate taken; and any other relevant factors as to which evidence is offered.

## *PURPOSE OF THE APPRAISAL*

---

The purpose of this appraisal is to arrive at a supportable estimation of the market value.

## *INTENDED USE OF THE APPRAISAL AND CLIENT*

---

The intended use is for the decision making process concerning the potential sale of the subject parcels. The clients and intended users are the State of Montana, the Montana Board of Land Commissioners and the Department of Natural Resources and Conservation (DNRC).

## *PERSONAL PROPERTY*

---

None

## *PROPERTY RIGHTS APPRAISED*

---

This appraisal is made with the understanding and assumption that present ownership of the subject parcels includes all rights that may be lawfully owned, and is therefore, title in fee simple as of December 21, 2018. A fee simple estate is subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power and escheat.

## *IDENTIFICATION OF PROPERTY AND LEGAL DESCRIPTION*

---

The property which is the subject matter of this report consists of:

- Sale 1044 - 80 acres W2SE4, Township 25 N, Range 6 W, Section 2
- Sale 1045 - 80 acres W2NE4, Township 25 N, Range 6 W, Section 11
- Sale 1046 - 40 acres, SW4NE4, Township 25 N, Range 6 W, Section 3  
Teton County, Montana

## *PURPORTED OWNER*

---

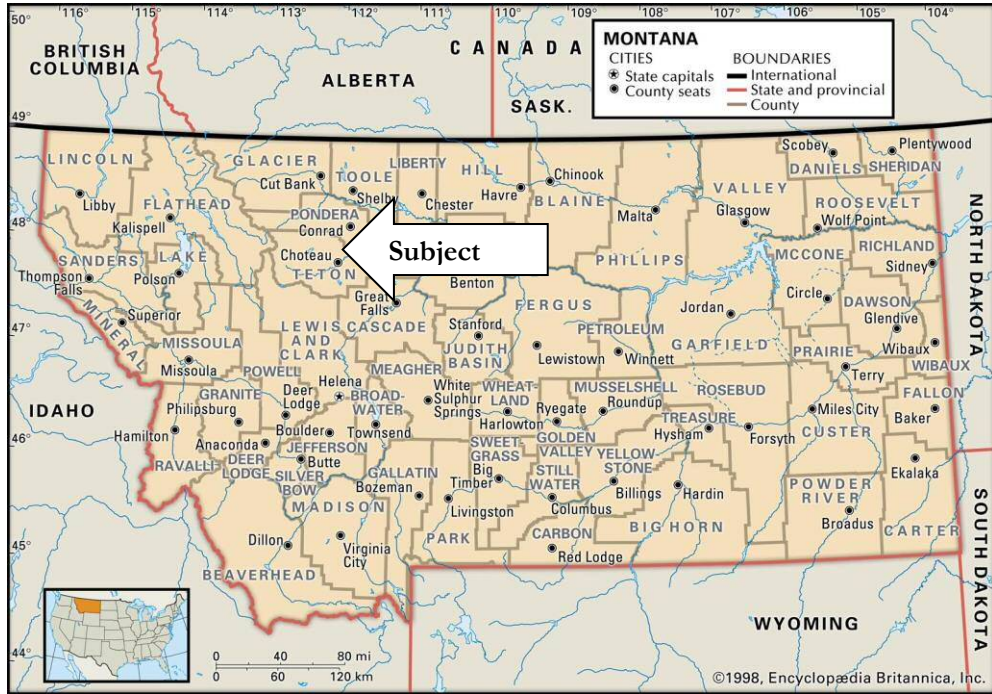

The subject parcels are owned by the State of Montana.

## *SALES HISTORY OF THE PROPERTY*

---

The subject parcels have been owned by the State of Montana for a number of years. The parcels were nominated by the lessee and may be sold through the State of Montana's Land Banking Program.

## REGIONAL MAP

## REGIONAL ANALYSIS

Teton County is located in a region of North Central Montana.

**General Description**

The County is primarily a rural agricultural county covering approximately 2,293 square miles.

**Population**

The population for the County as a whole is 6,073. The population of Choteau, the County Seat, is 1,684. Other towns include Dutton, Fairfield, Bynum, Power and Pendroy.

**Economy**

Agriculture — small grains and cattle — is the largest income producing segment of the Teton County economy. Most farms are family-owned and of above average size.

The median income for a household in the county was \$39,516 and the median income for a family was \$49,102.

**Transportation**

Three highways traverse Teton County, Interstate 15, US Highway 89 and US 287.

---

***REAL ESTATE TAXES***

---

The subject parcels are owned by the State of Montana and are currently exempt from taxation. If the parcels sell and are in private ownership they will be subject to taxation pursuant to the applicable laws and administrative rules of the State of Montana.

## *HIGHEST AND BEST USE*

---

"The reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible and that results in the highest value."<sup>1</sup>

The definition above applies to the highest and best use of vacant land or improved property. It is to be recognized that in cases where a site has existing improvements on it, the highest and best use may very well be determined to be different from the existing use. The existing use will continue, however, unless and until land value in its highest and best use exceeds the total value of the property in its existing use.

Quite often in estimating the highest and best use of land, the appraiser is controlled by governmental regulations. These controls are generally zoning ordinance, parking requirements and building codes. Also, in the estimate of highest and best use, one must recognize the attitude of typical investors in the marketplace.

Real estate will usually fall into certain definite development patterns, and their uses can be classified as: residential, agricultural, recreational, industrial, commercial or public use. In valuing the highest and best use of the land both as if vacant and improved, the following criteria must be met:

- 1) Legally permissible
- 2) Physically possible
- 3) Financially feasible
- 4) Maximally productive

## *HIGHEST AND BEST USE AS VACANT*

---

### ***Legally Possible***

The subject property has no underlying zoning. The subject has historically been used as agricultural grazing. Based upon the location there is no apparent need for the property to be used as commercial, industrial, or by a government entity (public use).

### ***Physically Possible***

This area is predominately agricultural lands and is currently leased by the Miller Colony. The colony is located east of the subject parcels. The colony's lands surround much of the land and the State owns land that borders

---

<sup>1</sup> *The Appraisal of Real Estate, 12<sup>th</sup> Edition*, (Appraisal Institute, 2001), p. 305.

Sale 1045 on the south. The Colony's private road which provides access to some of their various agricultural operations, crosses Sale 1045.

The "Assignment Conditions" as provided by the client instruct the appraiser to appraise the property as though legal and physical access exists.

The topography of the subject parcel is overall rolling.

### ***Financially Feasible***

Predominate use in the area is agricultural. The subject is bordered by agricultural land owned by the lessee. The lessee contacted the DNRC with respect to potentially purchasing the property through the Land Banking Program. If the sale occurs this parcel would be assembled with the property owned by the Miller Colony.

### ***Maximally Productive***

The use that conforms to the requirements of the first three tests and would provide the maximum productivity of the subject site, is for continued agricultural use and assembled with the Miller Colony.

---

## ***PROPERTY VALUATION***

Whenever possible, all three basic approaches to value (Cost Approach, Sales Comparison Approach and Income Approach) are utilized. The resulting indications of value are then correlated into a final estimate of market value. In this analysis I have utilized the Sales Comparison approach.

---

## ***DEFINITIONS***

### ***Sales Comparison Approach:***

The process of deriving a value indication for the subject property by comparing similar properties that have recently sold with the property being appraised, identifying appropriate units of comparison, and making adjustments to the sale prices (or unit prices, as appropriate) of the comparable properties based on relevant, market-derived elements of comparison. The sales comparison approach may be used to value improved properties, vacant land, or land being considered as through vacant when an adequate supply of comparable sales is available.<sup>2</sup>

---

<sup>2</sup> The Appraisal of Real Estate, 14<sup>th</sup> Edition

## *SITE VALUATION*

---

The method employed to value the site as if vacant and available for sale is the Sales Comparison Approach. An investigation of the market revealed seven sales which are indicative of what a well-informed buyer or seller would consider in forming an opinion of value.

Montana is a non-disclosure State, which means sales information is not made public. Therefore, an appraiser must rely upon other sources, i.e. realtors, appraisers, property owners, etc. In many instances for a property of this type, it may never be exposed to the market.

The sales utilized in this analysis are gleaned to be the best extracted from the market.

### ***Adjustments***

All of the comparable properties differ somewhat from each other, and from the subject in various ways. The usual differences are for cash equivalency, market conditions, location, and a number of physical characteristics. Many of these factors, in varying degrees, are applicable in the appraisal of the subject property. When dissimilarities are found in comparable properties, they are adjusted for by adding to the comparable price when the dissimilar factor is inferior to the same factor found in the subject property. Likewise, a minus adjustment should be made when the comparable sale has a factor which is superior to that found in the subject property. The sale properties then are adjusted to the subject property.

However, in the market it is often difficult and sometimes impossible to accurately isolate a given factor. In short, one very seldom finds sales which are identical in all respects but one, and thus is able to prove conclusively the value, or lack of it, for any one factor due to a difference in sale price. Often, there are plus and minus factors which offset each other. Thus, the use of subjective judgment, to some degree, may be exercised.

Nevertheless, the differences in values are real and adjustments based on as much fact as can be found, will be made. Then, the appraiser may call upon experience to make subjective judgments.

### ***Property Rights***

Each of the sales involves fee simple property rights. As a result, no property rights adjustments are warranted.

### ***Financing:***

All sales are cash to the seller and no adjustment is necessary.

***Conditions of Sale:***

No non-market conditions motivating the buyer or seller involved in the transactions are known, therefore no adjustments are required.

***Market Conditions:***

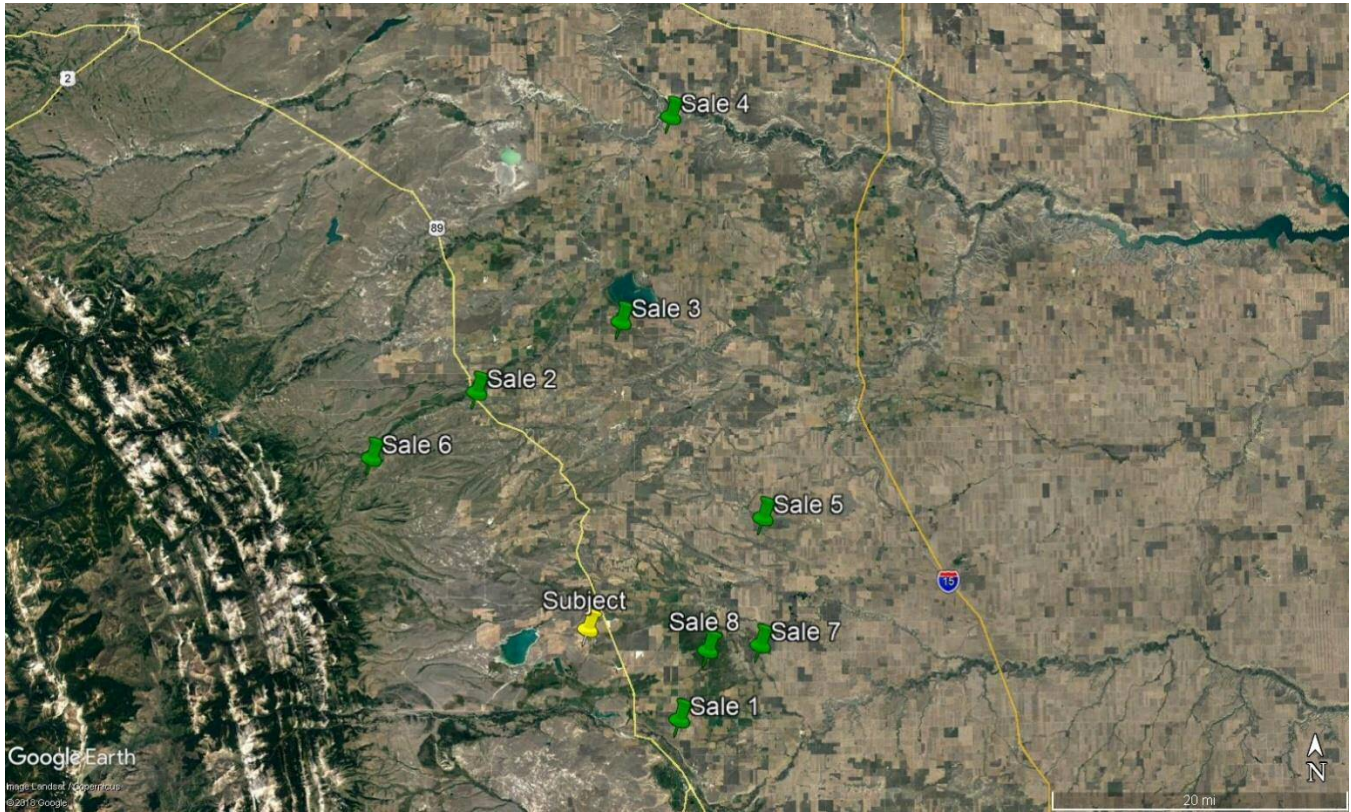

Typically, in an active market an adjustment for market conditions is required to bring all comparable sales up to the effective date of the appraisal report, December 21, 2018. The sales utilized in this analysis occurred from 7/2013 to 7/2016. Considering the property type and discussions with various real estate professionals familiar with the market, any adjustment upward or downward could not be quantified.

***Remaining Adjustments:***

The remaining adjustments will be explained in a qualitative analysis which is an effective technique that recognizes the inefficiencies of a real estate market and the difficulty in expressing the adjustments with mathematical precision.

The land sales map follows and detailed sales sheets which further describe the sales are within a separate document for confidentially purposes.

The subject consists of two 80-acre parcels and one 40-acre parcel. The overall agricultural productivity of the subject parcels is limited at best as a result of the soil type, rocky with some rock outcroppings. Sale No's 5 and 8 are considered overall inferior, and Sale 5 is a very small parcel with limited utility. Sale No's 1, 3, 4, 6, and 7 are all considered superior to the subject as a result of agricultural productivity or use. Sale No. 2 is considered to be most similar to the subject at \$675/acre as it is located within the same county.

Considering the varying sizes of the subject parcels coupled with the topography and potential productivity, it is my opinion a reasonable indication of value for the subject parcels is at the low end of the range or \$650 per acre or:

Parcel – 1044	80 acres x \$650/acre	\$52,000*
Parcel – 1045	80 acres x \$650/acre	\$52,000*
Parcel – 1046	40 acres x \$650/acre	\$26,000*

\* This value is subject to the Hypothetical Conditions on page 8

## *RECONCILIATION AND CONCLUSION*

---

In this analysis, I have identified eight sales to estimate the value for the subject. Montana is a non-disclosure state which means sales prices are not public information. In essence, confirming sales information is difficult at best and the data utilized in this analysis is considered appropriate in determining a value for the subject. Therefore, it is my opinion a reasonable estimate of value as of December 21, 2018, was:

Parcel – 1044	\$52,000*
Parcel – 1045	\$52,000*
Parcel – 1046	\$26,000*

\* This value is subject to the Hypothetical Conditions on page 8

## *VALUE ESTIMATE AND CERTIFICATION*

---

The undersigned does hereby certify that, to the best of his knowledge and belief, except as otherwise noted in this appraisal report:

- The statements of fact contained in this report are true and correct.
- The reported analysis, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and/or those found in the letter of engagement or appraisal consultation contract authorizing this report and is my personal, impartial, and unbiased professional analysis, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting a predetermined value.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal. This appraisal assignment was not based on a requested minimum valuation, a specific valuation or the approval of a loan.
- My analysis, opinions and conclusions were developed, and this report has been prepared, in conformity with The Uniform Standards of Professional Appraisal Practice and with the requirements of the Code of Professional Ethics and the Standards of Professional Practice of the Appraisal Institute.
- I have physically visited the subject parcels.
- I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- Gregory A. Thornquist is currently licensed in the State of Montana (Certificate #867) as a Certified General Real Estate Appraiser. Regarding the Competency Provision of USPAP, I further attest I've had substantial approved education and experience in the appraisal of various property types.

Based upon all the elements of which I am aware, and which could reasonably affect value, I have estimated market value of the subject, as of December 21, 2018, was:

<b>Parcel – 1044</b>	<b>\$52,000*</b>
<b>Parcel – 1045</b>	<b>\$52,000*</b>
<b>Parcel – 1046</b>	<b>\$26,000*</b>

**5.5 Fuel Surcharge – N/A**

**5.4 Reference to Contract.** The contract number MUST appear on all invoices, packing lists, packages, and correspondence pertaining to the contract. If the number is not provided, the State is not obligated to pay the invoice.

**5.3 Payment Terms.** Unless otherwise noted in the solicitation document, the State has thirty (30) days to pay invoices, as allowed by 17-8-242, MCA. Contractor shall provide banking information at the time of contract execution in order to facilitate the State's electronic funds transfer payments.

**5.2 Withholding of Payment. N/A**

In No case shall the State's total cumulative payment under this contract exceed **one thousand eight hundred dollars and No/100 (\$1,800.00)**

**5.1 Payment Schedule.** In consideration of the successful submission of the appraisal report to be provided, the State shall pay Contractor **\$1,800.00**. The contractor shall, at no additional expense to the State, correct unsatisfactory work before payment is made.

**5. CONSIDERATION/PAYMENT**

**4.1 Warranty of Services.** Contractor warrants that the services provided conform to the contract requirements, including all descriptions, specifications and attachments made a part of this contract. The State's acceptance of services provided by Contractor shall not relieve Contractor from its obligations under this warranty. In addition to its other remedies under this contract, at law, or in equity, the State may, at Contractor's expense, require prompt correction of any services failing to meet Contractor's warranty herein. Services corrected by Contractor shall be subject to all the provisions of this contract in the manner and to the same extent as services originally furnished.

**4. WARRANTIES**

- 1) The appraisal report will be one document containing the property data and analysis, opinions, and conclusions of value for the properties. If deemed necessary by the contractor rather than including the specific market data in the appraisal report, a separate addendum may be submitted containing the specific market data as a stand-alone document, which must be reviewed and accepted along with the appraisal, and can be returned to the appraiser for retention in his/her files. The appraiser must submit an electronic copy as well as a printed copy of the appraisal report.
- 2) Each sale parcel listed in Attachment B, Montana DNRC Trust Land Management Division Supplemental Appraisal Instructions must be assigned separate values.
- 3) The definition of market value is that as defined in 70-30-313, M.C.A.

The appraisal must comply with the instructions in Attachment A, Scope of Work for Appraisal of Potential Property Sales through the Land Banking Program, and all provisions in the body of this contract including the following:

Attachment A and B are attached hereto and incorporated herein by reference. Appraisal Practice that will describe adequately, the information analyzed, appraisal methods and techniques employed, and reasoning that support the analyses, opinions and conclusions.

**6. PREVALING WAGES REQUIREMENTS – N/A**

**7. ACCESS AND RETENTION OF RECORDS**

**7.1 Access to Records.** Contractor shall provide the State, Legislative Auditor, or their authorized agents access to any records necessary to determine contract compliance. The State may terminate this contract under section 20, without incurring liability, for the Contractor's refusal to allow access as required by this section. (18-1-118, MCA.)

**7.2 Retention Period.** Contractor shall create and retain all records documenting the appraisal report for a period of eight years after either the completion date of this contract or termination of the contract.

**8. ASSIGNMENT, TRANSFER, AND SUBCONTRACTING**

Contractor may not assign, transfer, or subcontract any portion of this contract without the State's prior written consent. (18-4-141, MCA.) Contractor is responsible to the State for the acts and omissions of all subcontractors or agents and of persons directly or indirectly employed by such subcontractors, and for the acts and omissions of persons employed directly by Contractor. No contractual relationships exist between any subcontractor and the State under this contract. Contractor is responsible to ensure that any assignee, transferee or subcontractor is subject to all of the terms and conditions of this Contract as fully set forth. Consent of the State to assign, transfer or subcontract any portion of this Contract does not relieve the Contractor in any manner of its responsibilities under this Contract.

**9. HOLD HARMLESS/INDEMNIFICATION**

**9.1** Claims under this provision also include any claim arising out of or in any way connected with Contractor's breach of this contract, including any claims asserting that any of the Contractor's employees are actually employees of the state or common law employees of the state or any of its agencies or political subdivisions, including but not limited to excise taxes or penalties imposed on the State under Internal Revenue Code §§ 4980H, 6055 or 6056 and any subsequent amendments or additions to these Sections. Contractor shall be responsible for implementation of all aspects of the Affordable Care Act as this Act may apply to Contractor and shall be responsible for any violations including any sanction, penalty, fee or tax and shall indemnify the State and hold harmless and defend the State for any omission or failure of Contractor to meet its obligations under Sections 13 and 14.

**9.2** Contractor agrees to protect, defend, and save State, its elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of Contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of Contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of State, under this Contract.

**REQUIRED INSURANCE**

**12.1 General Requirements.** Contractor shall maintain for the duration of this contract, at its cost and expense, insurance against claims for injuries to persons or damages to property, including contractual liability, which may arise from or in connection with the performance of the work by Contractor, agents, employees, representatives, assigns, or subcontractors. This insurance shall cover such claims as may be caused by any negligent act or omission.

**12.2 Primary Insurance.** Contractor's insurance coverage shall be primary insurance with respect to the State, its officers, officials, employees, and volunteers and shall apply separately to each project or location. Any insurance or self-insurance maintained by the State, its officers, officials, employees, or volunteers shall be in excess of Contractor's insurance and shall not contribute with it.22

**12.3 Specific Requirements for Commercial General Liability. N/A**

**12.4 Specific Requirements for Automobile Liability.** Contractor shall purchase and maintain coverage with split limits of \$500,000 per person (personal injury), \$1,000,000 per accident occurrence (personal injury), and \$100,000 per accident occurrence (property damage), OR combined single limits of \$1,000,000 per occurrence to cover such claims as may be caused by any act, omission, or negligence of Contractor or its officers, agents, representatives, assigns, or subcontractors.

The State, its officers, officials, employees, and volunteers are to be covered and listed as additional insureds for automobiles leased, hired, or borrowed by Contractor.

**12.5 Specific Requirements for Professional Liability.** Contractor shall purchase and maintain occurrence coverage with combined single limits for each wrongful act of \$500,000 per occurrence and \$500,000 aggregate per year to cover such claims as may be caused by any act, omission, negligence of Contractor or its officers, agents, representatives, assigns, or subcontractors. Note: If "occurrence" coverage is unavailable or cost prohibitive, Contractor may provide "claims made" coverage provided the following conditions are met: (1) the commencement date of this contract must not fall outside the effective date of insurance coverage and it will be the retroactive date for insurance coverage in future years; and (2) the claims made policy must have a three-year tail for claims that are made (filed) after the cancellation or expiration date of the policy.

**12.6 Deductibles and Self-Insured Retentions.** Any deductible or self-insured retention must be declared to and approved by the State. At the request of the State either: (1) the insurer shall reduce or eliminate such deductibles or self-insured retentions as pertain to the State, its officers, officials, employees, or volunteers; or (2) at the expense of Contractor, Contractor shall procure a bond guaranteeing payment of losses and related investigations, claims administration, and defense expenses.

**12.7 Certificate of Insurance/Endorsements.** A certificate of insurance from an insurer with a Best's rating of no less than A- indicating compliance with the required coverages, has been received by the State, PO Box 201601, Helena, MT 59620-1601. Contractor must notify the State immediately of any material change in insurance coverage, including but not limited to changes in limits, coverages, and status of policy. The Contractor must provide the State with copies of insurance policies upon request.

**14.3** Any partial or whole assignment, transfer or subletting or subcontracting by Contractor subjects subcontractors to the same provisions of this Section and it is the responsibility of the Contractor to ensure any agreement to assign, transfer, sublet or subcontract binds any successor to

**14. COMPLIANCE WITH LAWS**

Contractor shall comply with the provisions of the Montana Workers' Compensation Act while performing work for the State of Montana in accordance with 39-71-401, 39-71-405, and 39-71-417, MCA. Proof of compliance must be in the form of workers' compensation insurance, an independent contractor's exemption, or documentation of corporate officer status. Neither Contractor nor its employees are State employees. This insurance/exemption must be valid for the entire contract term and any renewal. Upon expiration, a renewal document must be sent to the State, PO Box 201601, Helena, MT 59620-1601.

**13. COMPLIANCE WITH WORKERS' COMPENSATION ACT**

17.3 **Ownership of Work Product.** Contractor shall execute any documents or take any other actions as may reasonably be necessary, or as the State may reasonably request, to perfect the State's ownership of any Work Product.

17.2 **Title and Ownership Rights.** The State retains title to and all ownership rights in all data and content, including but not limited to multimedia or images (graphics, audio, and video), text, and the like provided by the State (the "Content"), but grants Contractor the right to access and use Content for the purpose of complying with its obligations under this contract and any applicable statement of work.

17.1 **Mutual Use.** Contractor shall make available to the State, on a royalty-free, non-exclusive basis, all patent and other legal rights in or to inventions first conceived and reduced to practice, or created in whole or in part under this contract, if such availability is necessary for the State to receive the benefits of this contract. Unless otherwise specified in a statement of work, both parties shall have a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use copyrightable property created under this contract. This mutual right includes (i) all deliverables and other materials, products, modifications that Contractor has developed or prepared for the State under this contract; (ii) any program code, or site-related program code that Contractor has created, developed, or prepared under or primarily in support of the performance of its specific obligations under this contract; and (iii) manuals, training materials, and documentation. All information described in (i), (ii), and (iii) is collectively called the "Work Product".

**17. INTELLECTUAL PROPERTY/OWNERSHIP**

16. **REGISTRATION WITH THE SECRETARY OF STATE**  
Any business intending to transact business in Montana must register with the Secretary of State. To obtain registration materials, call the Office of the Secretary of State at (406) 444-3665, or visit their website at <http://sos.mt.gov>.

15. **DISABILITY ACCOMMODATIONS**  
The State does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services, or activities. Individuals who need aids, alternative document formats, or services for effective communications or other disability related accommodations in the programs and services offered are invited to make their needs and preferences known to this office. Interested parties should provide as much advance notice as possible.

14.4 In accordance with 49-3-207, MCA, Contractor agrees that the hiring of persons to perform this contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin of the persons performing this contract.

this Contract in whole or in part or binds any subcontractor to all the terms and conditions of this Contract as if a party to the Contract from inception..

**20.3 Reduction of Funding.** The State must by law terminate this contract if funds are not appropriated or otherwise made available to support the State's continuation of performance of this contract in a subsequent fiscal period. (18-4-313(4), MCA.) If state or federal government funds are not appropriated or otherwise made available through the state budgeting process to support continued performance of this contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, the State shall terminate this contract as required by law. The State shall provide Contractor for any payment that would have been payable had the contract not been terminated under this provision. As stated above, the State shall be liable to Contractor only for the payment, or prorated portion of that payment, owed to Contractor up to the date the State's termination takes effect. This is Contractor's sole remedy. The State shall not be

**20.2 Termination for Cause with Notice to Cure Requirement.** Contractor may terminate this contract for the State's failure to perform any of its duties under this contract after giving the State written notice of the failure. The written notice must demand performance of the stated failure within a specified period of time of not less than 14 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

**20.1 Termination for Cause with Notice to Cure Requirement.** The State may terminate this contract in whole or in part for Contractor's failure to materially perform any of the services, duties, terms, or conditions contained in this contract after giving Contractor written notice of the stated failure. The written notice must demand performance of the stated failure within a specified period of time of not less than 14 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

**20. CONTRACT TERMINATION**

**19. CONTRACT PERFORMANCE ASSURANCE – N/A**

**18. PATENT AND COPYRIGHT PROTECTION – N/A**

**17.5 Ownership of Contractor Pre-Existing Materials.** Contractor retains ownership of all literary or other works of authorship (such as software programs and code, documentation, reports, and similar works), information, data, intellectual property, techniques, subroutines, algorithms, methods or related rights and derivatives that Contractor owns at the time this contract is executed or otherwise developed or acquired independent of this contract and employed by Contractor in connection with the services provided to the State (the "Contractor Pre-existing Materials"). Contractor Pre-existing Materials are not Work Product. Contractor shall provide full disclosure of any Contractor Pre-Existing Materials to the State before its use and to prove its ownership. If, however, Contractor fails to disclose to the State such Contractor Pre-Existing Materials, Contractor shall grant the State a nonexclusive, worldwide, paid-up license to use any Contractor Pre-Existing Materials embedded in the Work Product to the extent such Contractor Pre-Existing Materials are necessary for the State to receive the intended benefit under this contract. Such license shall remain in effect for so long as such Pre-Existing Materials remain embedded in the Work Product. Except as otherwise provided for in Section 17.3 or as may be expressly agreed in any statement of work, Contractor shall retain title to and ownership of any hardware it provides under this contract.

**17.4 Copy of Work Product.** Contractor shall, at no cost to the State, deliver to the State, upon the State's request during the term of this contract or at its expiration or termination, a current copy of all Work Product in the form and on the media in use as of the date of the State's request, or such expiration or termination.

liable to Contractor for any other payments or damages arising from termination under this section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

## **21. EVENT OF BREACH – REMEDIES**

**21.1 Event of Breach by Contractor.** Any one or more of the following Contractor acts or omissions constitute an event of material breach under this contract:

- Products or services furnished fail to conform to any requirement;
- Failure to submit any report required by this Contract;
- Failure to perform any of the other terms and conditions of this Contract, including but not limited to beginning work under this Contract without prior State approval or breaching Section 26.1, obligations; or
- Voluntary or involuntary bankruptcy or receivership.

**21.2 Event of Breach by State.** The State's failure to perform any material terms or conditions of this contract constitutes an event of breach.

### **21.3 Actions in Event of Breach.** Upon Contractor's material breach, the State may:

- Terminate this contract under section 20.1; or
- Treat this contract as materially breached and pursue any of its remedies under this contract, at law, or in equity.

Upon the State's material breach, the Contractor may:

- Terminate this Contract under Section 20.2 and pursue any of its remedies under this Contract, at law, or in equity; or
- Treat this Contract as materially breached and, except as the remedy is limited in this Contract, pursue any of its remedies under this Contract, at law, or in equity.

## **22. FORCE MAJEURE**

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays. A party affected by a force majeure condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than 5 working days after the onset. If the notice is not provided within the 5 day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this contract, unless the parties mutually agree that the obligation is excused because of the condition.

## **23. WAIVER OF BREACH**

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

## **24. CONFORMANCE WITH CONTRACT**

No alteration of the terms, conditions, delivery, price, quality, quantity, or specifications of the contract shall be granted without the State prior written consent. Product or services provided that do

not conform to the contract terms, conditions, and specifications may be rejected and returned at Contractor's expense.

## 25. LIAISONS AND SERVICE OF NOTICES

**25.1 Contract Liaisons.** All project management and coordination on the State's behalf must be through a single point of contact designated as the State's liaison. Contractor shall designate a liaison that will provide the single point of contact for management and coordination of Contractor's work. All work performed under this contract must be coordinated between the State's liaison and Contractor's liaison.

Kelly Motichka, Lands Section Supervisor, is the State's liaison.

E-mail: [greg@elkhornappraisal.com](mailto:greg@elkhornappraisal.com)

**25.2 Notifications.** The State's liaison and Contractor's liaison may be changed by written notice to the other party. Written notices, requests, or complaints must first be directed to the liaison. Notice may be provided by personal service, mail, or facsimile. If notice is provided by personal service or facsimile, the notice is effective upon receipt; if notice is provided by mail, the notice is effective within three (3) business days of mailing. A signed and dated acknowledgement of the notice is required of both parties.

## 25.3 Identification/Substitution of Personnel. - N/A

## 26. MEETINGS

**26.1 Technical or Contractual Problems.** Contractor shall meet with the State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the contract term or to discuss the progress made by Contractor and the State in the performance of their respective obligations, at no additional cost to the State. The State may request the meetings as problems arise and will be coordinated by the State. The State shall provide Contractor a minimum of three full working day notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Consistent failure to participate in problem resolution meetings, two consecutive missed or rescheduled meetings, or failure to make a good faith effort to resolve problems, may result in termination of the contract.

26.2 Progress Meetings. - N/A  
26.3 Failure to Notify. - N/A  
26.4 State's Failure or Delay. - N/A

**27. Transition Assistance**  
If this contract is not renewed at the end of this term, if the contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this contract or particular work under this contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to the State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this contract, except for those terms or conditions that do not reasonably apply to such transition assistance. The State shall pay Contractor for any resources utilized in performing such transition assistance at the most current contract rates. If the State terminates a project or this contract for cause, then the State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages the State may have sustained as a result of Contractor's breach.

**28. CHOICE OF LAW AND VENUE**

Montana law governs this contract. The parties agree that any litigation concerning this bid, proposal, or this contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees. (18-1-401, MCA.)

**29. TAX EXEMPTION**

State of Montana is exempt from Federal Excise Taxes (#81-0302402) except as otherwise provided in the federal Patient Protection and Affordable Care Act [P.L. 111-148, 124 Stat. 119].

**30. AUTHORITY**

This contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

**31. SEVERABILITY CLAUSE**

A declaration by any court or any other binding legal source that any provision of the contract is illegal, and void shall not affect the legality and enforceability of any other provision of the contract, unless the provisions are mutually and materially dependent.

**32. SCOPE, ENTIRE AGREEMENT, AND AMENDMENT**

**32.1 Contract.** This contract consists of 11 numbered pages, Attachment A – Scope of Work and Attachment B – Supplemental Appraisal Instructions, pages 12-16. In the case of a dispute or ambiguity arising between or among the documents, the order of precedence of document interpretation is the same.

**32.2 Entire Agreement.**

These documents are the entire agreement of the parties. They supersede all prior agreements, representations, and understandings. Any amendment or modification must be in a written agreement signed by all the parties.

**33. WAIVER**

The State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.

**34. EXECUTION**

The parties through their authorized agents have executed this contract on the dates set out below.

A scanned copy or facsimile copy of the original has the same force and effect as the original document.

**Scope of Work for Appraisals of Potential Property Sales through the Land Banking Program: Sale # 1044, 1045, 1046 in Teton County**

**ATTACHMENT A**

**CLIENT, INTENDED USERS, PURPOSE AND INTENDED USE:**

The clients and intended users are the State of Montana, the Montana Board of Land Commissioners and the Department of Natural Resources and Conservation (DNRC) and Lessee Miller Colony. The purpose of the appraisal is to provide the clients with a credible opinion of current fair market value of the appraised subject properties and is intended for use in the decision making process concerning the potential sale of said subject properties.

**DEFINITIONS:**

**Current fair market value. (70-30-313, MCA)** Current fair market value is the price that would be agreed to by a willing and informed seller and buyer, taking into consideration, but not limited to, the following factors:

- (1) the highest and best reasonably available use and its value for such use, provided current use may not be presumed to be the highest and best use;
- (2) the machinery, equipment, and fixtures forming part of the real estate taken; and
- (3) any other relevant factors as to which evidence is offered.

**Highest and best use.** The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability.

**PROPERTY RIGHTS APPRAISED:**

State of Montana lands are always to be appraised as if they are in private ownership and could be sold on the open market and are to be appraised in Fee Simple interest. For analysis purposes, properties that have leases or licenses on them are to be appraised with the Hypothetical Condition the leases/licenses do not exist.

**EFFECTIVE DATE OF VALUATION AND DATE OF INSPECTION:**

The latest date of inspection by the appraiser will be the effective date of the valuation.

**SUBJECT PROPERTY DESCRIPTION & CHARACTERISTICS:**

The legal descriptions and other characteristics of the state's property that are known by the state will be provided to the appraiser. However, the appraiser should verify, as best as possible, any information provided. Further, should any adverse conditions be found by the appraiser in the course of inspecting the property and neighborhood, or through researching information about the property, neighborhood and market, those conditions shall be communicated to the clients and may change the scope of work required.

**ASSIGNMENT CONDITIONS:**

The appraiser must be a Montana certified general appraiser, and be competent to appraise the subject property. The appraisal is to conform to the latest edition of USPAP, and the opinion of value must be credible. The appraiser is to physically inspect the subject properties at a level that will allow the

appraiser to render a credible opinion of value about the properties. The appraiser must have knowledge of the comparables through either personal inspection or with use of sources the appraiser deems reliable, and must have at least viewed the comparables.

The appraiser will consider the highest and best use of the subject properties. (Note: It may be possible that because of the characteristics of a subject property or market, there may be different highest and best uses for different components of the property. Again, that will depend on the individual characteristics of the subject property and correlating market. The appraiser must look at what a typical buyer for the property would consider.)

Along with using the sales comparison approach to value in this appraisal (using comparable sales of like properties in the subject's market or similar markets), the appraiser will also consider the cost and income approaches to value. The appraiser will use those approaches, as applicable, in order to provide a credible opinion of value. Any approaches not used are to be noted, along with a reasonable explanation as to why the approach or approaches were not applicable.

The appraisal will be an Appraisal Report, as per USPAP, that will describe adequately the information analyzed, appraisal methods, and techniques employed, and reasoning that support the analyses, opinions, and conclusions. All hypothetical conditions and extraordinary assumptions must be noted. The appraiser will provide one appraisal report that includes analysis and appraised values of the three (3) parcels identified in the Supplemental Appraisal Instructions.

Parcels with no legal access, will be appraised with the hypothetical condition of having legal access, and should also be appraised as the property currently exists, which is without legal access. If no evidence through reasonably recent sales of comparable properties is found in the subject's market or similar markets, and thus no "as is" value can be properly supported, then state such in the report. Access typically consists of two parts: legal access and physical accessibility. The above references to access, hypothetical and "as is" are in regards to legal access. The physical accessibility to the subject parcel is to be appraised as it currently exists.

Legally accessible state lands are appraised as accessible only.

The appraisal on the state's lands must include state-owned improvements in the valuation, but exclude lessee-owned or licensee-owned improvements in the valuation. All appraisals are to describe the market value trends, and provide a rate of change, for the markets of each subject property. Comparable sales used should preferably have sales dates within one year of the appraisal and should not be over three years old. The comparable sales must be in reasonable proximity to the subject, preferably within the same county or a neighboring county.

**The following will be located in the body of the contract:**

The appraisal report will be one document containing the parcel data and the analysis, opinions, and conclusions of value(s) for the parcel(s). If deemed necessary by the contractor rather than including the specific market data in the appraisal report, a separate addendum may be submitted containing the specific market data as a stand-alone document, which must be reviewed and accepted along with the appraisal, and may be returned to the appraiser for retention in his/her files upon request. The appraiser must submit an electronic copy as well as a printed copy of the appraisal report.

The definition of market value is that as defined in 70-30-313, MCA.

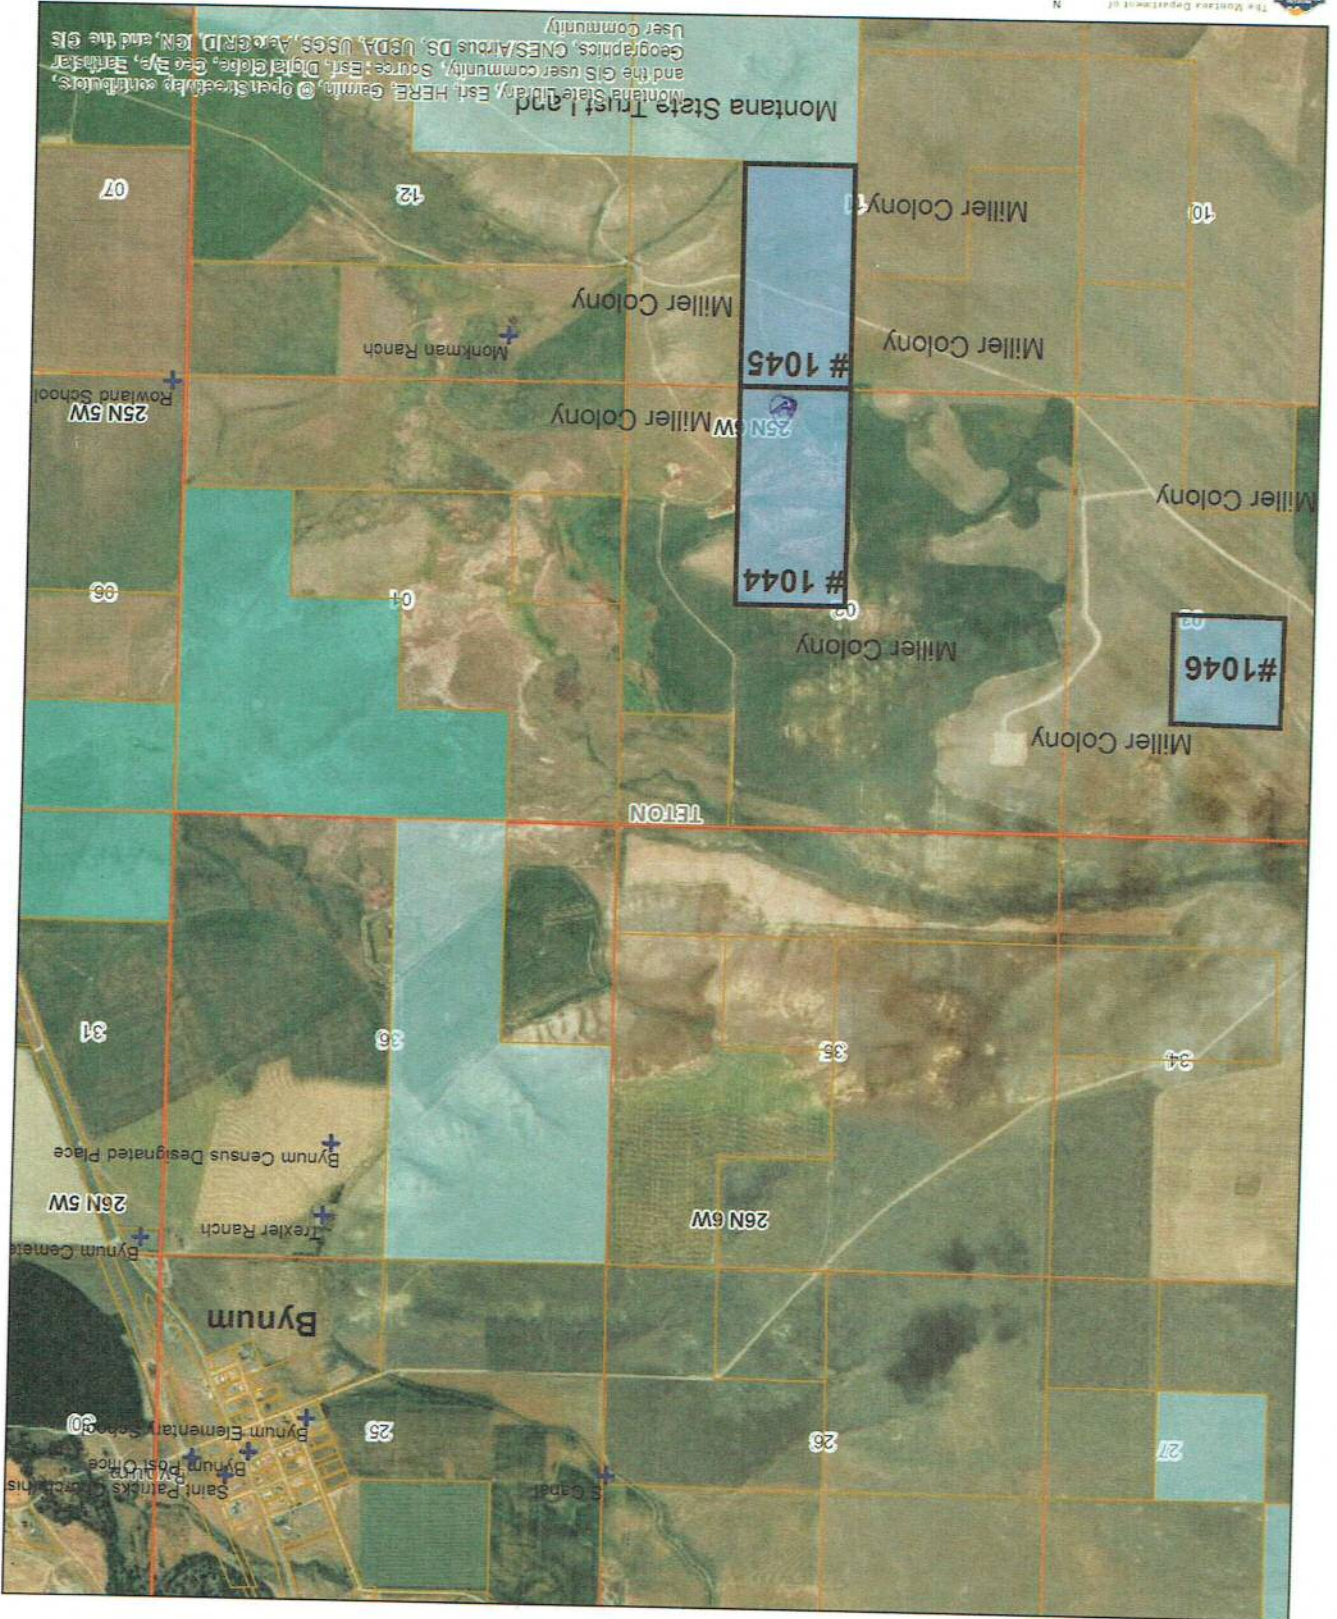

The DNRC will provide access to each state parcel record, as maintained by the land offices, including but not limited to aerial photos, land improvements, current lease data (lease #, name of lessee, AUMs, acres, costs, etc.), property issues, surveys (if any), and production history. The local land office will provide the contract information to the appraiser in order for the appraiser to obtain access to the proponent's property.
